

Launchpad CCTV - Privacy Notice

The council collects personal information from you, this includes CCTV footage of you when use Launchpad facilities. We do this to ensure your health and safety when you use these facilities. We process this information using your consent, which you give by using the Launchpad facilities and which you can remove at any time by contacting info@launchpadstortford.co.uk, however, please note that we may need to retain your information where we have a legal obligation under health and safety legislation or where this is required by law enforcement authorities. We get this information directly from you via our CCTV cameras and may share your information with law enforcement authorities if required for their investigations. Your information will be retained in line with our [Retention Schedule](#). For more information on your data subject rights, including how to contact us about them or anything else, please see our [Corporate Privacy Notice](#) (this link opens in a new window).
